Energy Chains: Energy Use

Posted by [sat](#) on Tue, 2015-03-31 14:02

This online interactive look at the energy transformations in our electricity supply.

The resource is a Scootle interactive learning object suitable for Year 6 students and not only covers the energy transformations that occur in the supplying of the electricity that comes out of a household wall socket, but also looks at how energy is lost during the transmission of this energy from its source to the user.

Australian Curriculum v9 Codes: AC9S6U03 (Year 6), AC9S8U05 (Year 8)
