The Periodic table with QR Code links (on Flickr)

Posted by [sat](#) on Wed, 2014-07-23 12:18

This novel Flickr image explores the elements of the periodic table, with all the elements represented as QR codes.

The main image can be printed or the codes can be read directly off the screen.

The QR codes are for links to YouTube videos about each of the elements.

Australian Curriculum v9 Codes: AC9S9U06 (Year 9), AC9S10U06 (Year 10)
