AIS: Labels for school science chemicals

Posted by [sat](#) on Thu, 2014-08-28 00:25

This downloadable resource is a summary of the requirements for labelling chemicals in schools across Australia.

The document takes into account the new requirements under the harmonised Work Health and Safety legislation, where this has been enacted. Aspects of the new legislation as they specifically relate to labelling requirements in schools are described, with links to the relevant legislation and codes of practice.
