Weather in my world - Primary Connections

Posted by [sat](#) on Thu, 2015-03-05 13:59

This online teaching resource supports Foundation Year students learning about weather.

The resource is an inquiry-based teaching unit that outlines tasks and activities which promote the use of students' senses when observing, describing and recording local weather conditions.

It includes lesson plans, student worksheets and other resources that support its implementation.

New Australian Curriculum Code: AC9S1U02 (Year 1)
