## SOP: Use of lasers in schools

Posted by [sat](#) on Thu, 2015-03-19 20:42

This set of downloadable documents detail standard operating procedures for the use of lasers in schools.

The procedures are set out in three parts:

- Part 1 Laser pointers
- Part 2 Bench lasers
- Part 3 Construction of lasers

The accompanying example risk assessment should be used as a guide only, and users should consider risks and safety measures in their local environment before proceeding.
