## List of recommended chemicals for science in Australian schools

Posted by [ginny.r.ward](#) on Fri, 2015-07-31 19:50

This downloadable document gives a list of chemicals recommended by Science ASSIST for use in Science in Australian schools.

The information contained in the document includes the hazard classification and a recommended User Group for each chemical. The list can be downloaded as an Excel file.

The list is an evolving document and will be updated in response to feedback, changes to safety data and changes to practices in school science. Please ensure that you are accessing the latest version as per the date in the title. See additional information if you are having problems locating the list.

We welcome your feedback on this resource. Please send your feedback to [labsupport@asta.edu.au](mailto:labsupport@asta.edu.au).
