## Learning to be Waste Wise - Compost

Posted by [keystone.david.j](#) on Sun, 2015-08-30 23:11

This downloadable document is a comprehensive teaching resource for investigating the effects on materials of composting.

This inquiry-based resource provides comprehensive advice on ways to conduct an investigation into how materials change when composted and explains the purpose in setting up a composting system.

The resource also gives teacher background information and outlines 10 structured activities/lessons as well as listing many related websites, including video links, that would support such activities.
