## SOP: The Thermite Reaction

Posted by [sat](#) on Wed, 2015-09-30 12:07

This downloadable document is a Standard Operating Procedure (SOP) and detailed method for demonstrating the thermite reaction.

This reaction is potentially a very hazardous activity; however the hazards it presents can be safely managed with suitable controls in place.

The accompanying example risk assessment should be used as a guide only and users should consider risks and safety measures in their local environment before proceeding.

Australian Curriculum v9 Codes: AC9S10U07 (Year 10)
