Size of the Universe

Posted by [sat](#) on Tue, 2016-02-23 22:21

This online resource investigates the scale of the universe.

The resource is an interactive that will help students understand the relative sizes of everything in the universe, from the very largest super galaxies down to the smallest subatomic particles.

It explores the concept of distance and size. This resource also includes a number of videos to support the concepts introduced in the animation.

Australian Curriculum v9 Codes: AC9S2U01 (Year 2), AC9S7U03 (Year 7), AC9S7U05 (Year 7), AC9S10U03 (Year 10)
