Solar System – Year 5 W.A.S.P.

Posted by [sat](#) on Mon, 2016-04-04 23:09

This online resource about the Solar System is for Year 5.

The resource is a teaching package that provides hands-on activities with teacher support materials to help with the teaching of the Year 5 Earth and space science components of the Australian Curriculum that deal with the Solar System.

The activities are organised into five topics:

1. Formation of our Solar System
2. Identifying Planets
3. Orbits
4. The Sun and Energy
5. Thinking About Planets

Australian Curriculum v9 Codes: AC9S2U01 (Year 2), AC9S6U02 (Year 6), AC9S7U03 (Year 7)
