Storage of offal

Posted by Anonymous on Fri, 2017-09-29 15:32

Storage of offal: Is it acceptable to store offal, such as plucks, hearts, kidneys, etc., in a freezer for long periods (months) for future use? If so, and the freezer is located in a prep room (i.e. not accessible by students and used only for science purposes) is there any requirement to have this locked?
