Different types of motion

Posted by [sat](#) on Sat, 2014-03-15 15:47

This downloadable student activity investigates velocity and acceleration.

The resource is an MS Word document that details a practical activity that focuses on investigating constant velocity and accelerated motion using ticker timers and dynamics trolleys in the laboratory.

The resource can also be used as student worksheets for the activity.

Australian Curriculum v9 Codes: AC9S10U05 (Year 10)
