Asbestos in BBQ gloves?

Posted by Anonymous on Fri, 2023-01-20 10:42

Asbestos in BBQ gloves?: I bought some BBQ/Chef's gloves from a few suppliers last year to try them out. I got these ones from Amazon <https://www.amazon.com.au/BBQ-Gorilla-Resistant-Barbecue-Anti-Slip/dp/B0...>

(cut and paste of the link should work)

I don't know much about the manufacturer and it doesn't state what the material is made from (other than the silicone grip). I am now wondering if there would be any risk that the gloves contain asbestos.

Thanks very much
