Information sheet: Spill kits

Posted by [Anonymous](#) on Mon, 2023-03-20 17:50

This information sheet is an updated review of the answers to the following questions, and replaces the previously published Q&As:

? What is a spill kit situation?

? Years 7–12. I have a Spill Kit in place at work (stored in the prep room) which is kept in a smaller (i.e., 1/2 size) than standard-size wheelie bin. What would Assist suggest the contents/quantities of a Spill Kit be? I have 5 labs and a prep room all under the same roof (no steps). Should I have more than one? Note: each lab has a bucket of sand.
