## Conservation of energy worksheet #2

Posted by [sat](#) on Mon, 2014-03-17 16:04

This downloadable resource looks at the conservation of energy in an oscillating spring.

The resource is a student worksheet of questions relating to a short practical activity about the conservation of mechanical energy during the motion of an oscillating spring.

The document includes energy graphs, which can be quite challenging.

The answers are provided to assist teachers and students with understanding.

Australian Curriculum v9 Codes: AC9S8U05 (Year 8), AC9S9U05 (Year 9)
