Plate tectonics - The Geological Society

Posted by [sat](#) on Tue, 2014-04-08 17:17

This online resource has an interactive map showing tectonic activity.

The map of the Earth have optional layers showing tectonic plate boundaries, volcanoes, earthquakes, types of boundaries etc.

There is also a teacher site that has worksheets and past exam questions from the UK.

Ideal as part of a web search, or to support a current unit of work.

Australian Curriculum v9 Codes: AC9S8U03 (Year 8)
