SOP: Handling dry ice

Posted by [sat](#) on Thu, 2014-05-15 01:16

This Standard Operating Procedure (SOP) gives a detailed method for how to handle dry ice.

Note: this updated version January 2016 contains instructions for performing a range of activities using dry ice.

The accompanying example risk assessment should be used as a guide only. Also users should consider risks and safety measures in their local environment before proceeding.
